SUBJECT: Visit to G-40

TO: Chief
 Army Security Agency
 Washington 25, D. C.
 ATTN: GAS 53

1. The symbol G-40 refers to Mr. Gallenkamp, a director of Siemens & Halske, Frankfurt/Main, and will be used in all future correspondence.

2. Mr. Gallenkamp provided a description (Incl #1) of the new teleprinter and Mixer T typ 37h SZ, which Siemens is manufacturing for use by the Belgian Army. Gallenkamp stated that the Belgian Government requested Siemens, through the HICOG Military Security Board at Bonn, to build the Mixer and a key generator. He stated that the key generator is now in the Siemens' R & D labs.

3. The teleprinter and mixer will be demonstrated to an Air Force audience within the next two weeks. This headquarters will request an invitation to the demonstration from USAFE.

4. Mr. Gallenkamp also provided pamphlets showing the most recent developments of the Hellschreiber (Incl #2). The French Army, British Reuter News Agency, French News Agency and the United Press are buying Hellschreibers from Siemens.
