SUBJECT: Request for Extension of Tour (U)

**TO: Commander
United States Air Force Security Service
San Antonio, Texas**

1. Request the tour of duty of Lt Colonel Bradford P. Shuman, 37560A, with this Agency be extended to July 1963; present tour completion date is July 1961.

2. This officer is responsible for the supervision and operational functions of several highly sensitive compartmented projects. The necessity for isolation of these projects imposes severe limitation as to knowledgeable personnel. Lt Colonel Shuman is the only individual cognizant of all aspects of these projects and is responsible for informing me on their status. The retention of this officer will provide me with continuity of operations and competent staff assistance necessary in this critical area.

3. In view of my ^{wishes} desire to retain Lt Colonel Shuman, previous plans to reassign him to an Agency overseas billet have been cancelled (reference my message Pers-2, DTG 261643Z).
