William A. Fletcher

The case of Mr. William A. Fletcher was presented for review by the Board. The original charges of inefficiency as submitted by operating officials, with supplementary evidence, were distributed to Board members. The official statement of the charges as presented to Mr. Fletcher was reviewed as was the answer to these charges. After limited discussion of the case, it was suggested that a complete file of all papers and evidence be compiled and studied in turn by each Board member. This is to be done before the next Board meeting on 24 May 1946. At that time Mr. Fletcher will be called in to state his case orally and the Committee will arrive at a decision on the basis of complete evidence submitted.

Agenda

An agenda of the Board meeting to be held 24 May 1946 was distributed to all members. Attached thereto was a rough draft of suggested standard operating procedures for the Board. This will be further discussed at the next meeting.
