DATE: 25 April 1952 COMMENT NO. 2

1. I think we are now getting on the right track in this business.

2. It is recommended that as a matter of urgency a high-level group in AFSA be established to study the matter and make recommendations to DIRAFSA. Such a group should include representatives from AFSA-12, 15, 16, 17, 02, 03, 04, and 05; in addition, the AFSA Inspector and the AFSA Comptroller should be among the group. I will be glad to participate so far as available time permits.
