Revision of MSA Regulation Number 11-3

B/ASST (Mr.Friedman)

30 June 54

60493/can

- 1. The Chief of Staff recently appointed a group to study the problem of administrative control of all MSA consultants. In so doing, the group had cause to review the provisions of MSA Regulation 11-3 (as changed), "Mational Security Agency Scientific Advisory Board" (Inclosure I). It was noted that the placement of the supervisory responsibility for the implementation of the policy set forth therein is inconsistent with the other provisions of the regulation. It was recommended that, in the interests of organizational and functional consistency, this supervisory responsibility be given to the Chairman of the Executive Group for Board Affairs.
- 2. The group drafted a new regulation establishing the MSA Registry for Consultants (MSARC) and giving it administrative responsibility over all consultants, experts, and advisors, except those on non-personal services contracts. This introduces a minor inconsistency in the current provisions of MSA Regulation 11-3.
- 3. To eliminate the aforementioned inconsistencies and to make it more inclusive of the Panels of the Board, a new MSA Regulation 11-3 (Inclosure II) has been written to eliminate Section VII of the current regulation and to alter the provisions of Section VI to include the supervisory responsibility and other necessary changes.
- 4. It is requested that MSA Regulation 11-3 (as changed) dated 26 January 1954 (Inclosure I), be superseded by the new MSA Regulation 11-3 (Inclosure II).

WILLIAM F. FRIEDMAN Special Assistant

ECTION I - SUPERSESSION

This regulation supersedes MSA Regulation Mumber 11-3, dated 26 January 1954.

SECTION II - GENERAL

- l. Purpose. The Mational Security Agency Scientific Advisory Board (MEASAB) has been established to provide the Director, Mational Security Agency (MEA), with the services of a group of outstanding technical and professional consultants in certain fields of interest and of major importance to MEA, as well as to afford a valuable source of advice and assistance in solving special or difficult cryptologic and related problems in the field of communications—slectronics.
- 2. <u>Mission</u>. The Maticual Security Agency Scientific Advisory Board will advise the Director on scientific matters related to the fulfillment of the mission of MSA and will report its recommendations directly to the Director. Individually, the members of the Board Will serve as consultants, within their respective fields of science, to the various activities of MSA.

SECTION III - FUNCTIONS

In order to advise the Director concerning possible methods of solving present and future cryptologic and related problems in the

CONFIDENTIAL

MSA REGULATION NO. 11-3

field of communications-electronics, and concerning ways and means of increasing the technical competence of personnel and equipment assigned to the solution of these problems, the Board will:

- a. Review all necessary data concerning the principal problems now being attacked and important problems attacked in the past, together with methods proposed for the solutions of these problems, results of applications of these methods, and prediction of the problems which are likely to arise in the future.
- b. Bring to the attention of the Director scientific studies and developments which may be applicable to the solution of these problems, and ideas which may lead to solutions or progress toward solutions.
- c. Suggest changes of emphasis in the efforts applied, so as to increase the expected gains.
- d. Keep the Director informed of the latest studies and developments in various scientific fields of interest to NSA, make recommendations on particular lines of endeavor on which NSA should place emphasis, and assist the Director in establishing contacts with leaders and agencies in these fields.
 - e. When requested by the Director:
 - (1) Survey laboratory, testing, and processing equipment, advising the Director on their adequacy.
 - (2) Evaluate the application of scientific effort on NSA problems.
 - (3) Survey current and projected technical educational programs, review their adequacy, and recommend appropriate courses of study consistent with the most advanced thinking in various fields of science and research.
 - (4) Advise the Director concerning desirable increases in his technical assets (subject to limitations imposed by pertinent regulations and available means) by specific suggestions concerning;
 - (a) Recruitment of scientific personnel.
 - (b) Improvement in working conditions.
 - (c) Equipment which should be acquired.

COMPIDENTIAL

MSA REGULATION NO. 11-3

- (5) Act as consultants, individually or in groups, to various activities of NSA.
- f. Prepare an annual report to the Director setting forth an account of the activities of the Board, including an evaluation of the contributions of the members acting individually and as a Board.

RECTION IV - MEMBERSHIP

- 1. Appointment. The permanent members of the Board will be appointed by the Director. The term of the appointment of the members will be at the discretion of the Director. Members will be selected from outstanding men in the various fields of science of interest to NSA.
- 2. Chairman. The Chairman of the Board will be designated by the Director and will continue as Chairman at the discretion of the Director.

3. Committees and Panels.

- a. The Chairman may apportion the membership among appropriate committees to facilitate studying assigned problems and administering Board business. From time to time, for special purposes, the Director may appoint outside scientists to serve as members of ad hoc committees of the Board.
- b. The Director may appoint electronic, telecommunications, mathematics and such other panels and sub-panels as may be required to facilitate studying particular problems of interest to the Board.

SECTION V - PROCEDURE

- 1. Meetings. Meetings of the Board will be held at such times as agreed upon by the Director and the Chairman of the Board.
- 2. Implementation of Board Recommendations. In all cases the Director will notify the Chairman of the Board of action taken on Board recommendations.

SECTION VI - EXECUTIVE GROUP FOR BOARD AFFAIRS

- 1. The Executive Group for Board Affairs (EXSAB), composed of MSA personnel, is responsible for:
- a. Reviewing NBA problems for possible presentation to the Board, Panels, or Sub-panels.

REF ID:A64972

COMPTION TITLE

MSA REGULATION NO. 11-3

- b. Preparing presentations to the Board, Panels, or individual members thereof.
- e. Providing pertinent technical reports, studies and other materials required by the Board, Panels, or individual members thereof.
- d. Conducting effective and necessary limison within NSA on matters pertaining to the Board and Panels.
- e. Assisting the Chairman of the Board, Chairman of Panels, and individual members thereof as necessary.
 - 2. The membership of KNSAB will be determined by the Director.
 - 3. The Chairman of EXSAB will have the following responsibilities:
- a. Supervision of the implementation of the policy set forth therein.
 - b. Initiating arrangements for Board meetings.
- o. Providing assistance to the Chairman of the Board and Chairman of the Panels as necessary for the proper conduct of Board, Panel, and Sub-panel activities.
- d. Recping the MSA Registry for Consultants informed on a current basis of pertinent Board and Panel matters.
- e. Monitoring the implementation of approved recommendations of the Board and Panels.
- f. Advising the Director, as appropriate, on matters pertaining to the Board and Panels.
- 4. The Chairman of EXSAB will serve as Executive Secretary of the Board.
