JAS

#407, Part 18.

To the Chief of the Central Special Intelligence Bureau. Study of U.S. codes.

- 1. Re the new type U.S. code sent from Moscow inquired about in your wire #97b. The Finn same studying it now and they'll probably let us know when they get any results.
- 2. By using the Vichy number keys which were reported to Japan, the Finns have solved the following codes:

(1) Beirut - Washington, from November 1942 to July, 1943. Strip 33-1 ... c

a - Part 2 not yet readable.

b - Not readable. ___ See C-145 10/10/43.

c - Continued in next part.
