Dr. H. P. Robertson Morman Bridge Laboratory of Physics California Institute of Technology Factoria 4, California

Dear Bob:

We are indebted to you for taking the time, during the diffigulties of closing up shop in Washington, to go over the Engatron paper I sent you and I want to tell you of our appreciation.

The note is being taken of your comments and suggestions on the paper.

in a little while I may send you a draft of a statement of a charter and mission for a new SCAC and ask for your commits.

Receipt is also admostinged of your letter of 23 June 1952 to be. Campaigne, accompanyled badge number 10405 which you returned to us. I will with the badge to its proper repository, and thank you for remaindring this detail.

Reciprocating your personal regards and offering my best wishes to you in taking up once more your professorial duties, I am,

Simeraly.

WILLIAM F. FRIGMAN

Copies furnished: AO (3) OOT W/F.Friedman/eby/9 July 52 Consultant
