Mr. John C. McPherson Vice President International Business Machines Corporation 550 Hadison Avenue New York 22, New York

Dear John:

Inclosed is a copy of a letter received from Professor A. G. Hill in answer to the Director's invitation (copy also inclosed) to him to be a member of the Electronics Panel of the MEASAB.

Mill's answer seems a bit inconclusive or evasive. In the light of the work done last summer by the Special Study Group, and in view of Hill's connection with Lincoln, do you recommend that we make further effort to get him on one of our panels, or should we accept his answer as a tactful declination of our invitation and let it go at that!

Sincerely.

WILLIAM F. FRIEDMAN Special Assistant
